The 2nd Consensus Building Meeting in Ukraine was held on 28th September – 1st October 2010 at KyivExpoPlaza in Kyiv during the International Forum “Innovations and High Technologies”, in the framework of special exposition of HEI’s “Hi-Tech Science and Education”.

The meeting was held by way of personal conversation with the potential stakeholders at the ONPU’s exhibition stand.

The Consensus Building Meeting was attended by participants from the different countries, Ukrainian towns and wide range of HEIs of Ukraine as well as investors and holders of the venturing funds both from Ukraine and from other neighbouring countries.

During the conversation with each stakeholder the main objectives and outputs of the I3E project were shown and explained.

Each visitor of the exhibition stand was presented with the information leaflet about the I3E project and other important information on the project.

After the conversation each visitor left his coordination information. On the basis of the received information the Networking list on the I3E project was filled up. See table 1 with the Networking list, where additional information gathered during the CBM in Kyiv is showing.

Main results and conclusions of this CBM are following:

Representatives of the local innovation distribution networks like NTTN Ukraine and Association of Investors of Ukraine proposed to allocate the information about the I3E project as well as all Good Practices on their official web-resources.

The proposal to organize on the basis of ONPU the information transfer sluice (gate) in the field of ES&I between NTTN and I3E project has emerged.

Representatives of NTTN expressed their will to participate at one of the Workshops on the I3E project.

The requests for participation at the WS were accepted from Khmelnytskyi Technical University and Technology Transfer Center in Kharkov.

There is a photo-report on the CBM in Kyiv in the enclosure.
